Subject ^(F) Activity Report Week Ending 10/18/87

1. Overtime assigned Saturday until 9:00 p.m. (15 hours), Sunday to load cement and aggregates for Stoneway.
- 10/87 ② Cement/clinker fallout on neighbors automobile. He had heard that we "detailed" cars that had cement dust on them. This had been done once over 3 years ago. Anyway, washed car with acetic acid and returned it.
3. Signed lease for stacker to be used for silica loading.
4. Met with land use lawyer who will review our need to apply for shoreline permit because of plant demolition.
5. Awaiting delivery of five type I cars from Montana to test new unloading system.
6. MSHA seminar for all plant employees on substance abuse.
7. No accidents. Visitors: Mr. Voldbaek and Paul Gasner. Gary Madsen from LSI-Portland toured West Terminal.
